

PHILLIS WHEATLEY COMMUNITY SCHOOL

A FIRSTLINE SCHOOL - EDUCATION FOR LIFE

Special Education Program Description

A. Description of overall philosophy:

FirstLine Schools (“FLS”) believes all children and young adults with disabilities are entitled to a free and appropriate education and/or services that lead to an adult life characterized by satisfying relations with others, independent living, productive engagement in the community, and the self advocacy necessary to pursue their goals. To achieve these outcomes, there must exist for all children and young adults a rich variety of experiences including early intervention, educational, social, and vocational program options. Access to these programs and experiences are based on individual educational need and desired outcomes. Additionally, students and their families or guardians, as participants in the process and planning team, can recommend the placement, curriculum option, and the exit plan to be pursued.

FLS believes that a continuum of services must be available for all children, youth, and young adults. FLS also believes that the concept of inclusion is a meaningful goal to be pursued in our schools and communities. In addition, FLS believes children and young adults with disabilities should be served whenever possible in general education classrooms in inclusive schools and settings. Such settings should be strengthened and supported by specially trained personnel and other appropriate supportive practices according to the individual needs of the child.

B. Name and contact information for special education coordinator (school and, if applicable, network)

School Leader of Special Education Programming;
Contact Information

Mackenzie Peschka
